No. HFW- H DRPGMC/ Ethics /2021/24

Dated: 28.08.2021

The IEC of Dr. RPGMC reviewed and discussed the protocol (No: IEC/20/2021) entitled “**Morphometric Variations of Nasal Parameters in healthcare Workers – A study in Medical College & Hospital in Sub Himalayan region**” submitted by **Dr. Ashwani Sharma, Junior Resident, Department of Anatomy**, Dr. RPGMC, Kangra at Tanda, Himachal Pradesh, in the meeting of the IEC held on **27.08.2021 at 2:00 PM.**

Decision: The committee approves the research work to be conducted in its present form.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any serious adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study or Investigator.

It is to be ensured that there shall no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.

No. HFW- H DRPGMC/ Ethics /2021/36

Dated: 28.08.2021

The IEC of Dr. RPGMC reviewed and discussed the protocol (No: IEC/32/2021) entitled “**Co-relation of the Maternal and Fetal Outcome with the Etiological Factors of Thrombocytopenia in Pregnancy-A Prospective Observational Study**” submitted by **Dr. Arushi Sharma, Junior Resident, Department of Obstetrics and Gynaecology, Dr. RPGMC, Kangra at Tanda, Himachal Pradesh, in the meeting of the IEC held on 27.08.2021 at 2:00 PM.**

Decision: The committee approves the research work to be conducted with a recommendation to;

- Include patient information sheet in English and Hindi.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any serious adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study or Investigator.

It is to be ensured that there shall no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.

No. HFW- H DRPGMC/ Ethics /2021/39

Dated: 25.08.2021

The IEC of Dr. RPGMC reviewed and discussed the protocol (No: **IEC/35/2021**) entitled “**Effect of Letrozole 2.5 mg or 5.0 mg for Ovulation Induction in case of Unexplained Infertility in Intrauterine Insemination –A Randomized Controlled Trial**” submitted by **Dr. Neha Goel, Junior Resident, Department of Obstetrics and Gynaecology**, Dr. RPGMC, Kangra at Tanda, Himachal Pradesh, in the meeting of the IEC held on **27.08.2021 at 2:00 PM** in the office of the Member Secretary.

Decision: The committee approves the research work to be conducted with following recommendations;

- Include patient information sheet should that should clearly mention in detail about efficiency and effectiveness of 2.5 mg and 5.0 mg letrozole with the participant’s right to switch over the more useful method.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any serious adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study or Investigator.

It is to be ensured that there shall no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Decision: The committee approves the research work to be conducted in its present form with recommendation to;

- Add in participants information sheet that patients will be only examined for study and mention adverse events and their management, if any.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any serious adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study or Investigator.

It is to be ensured that there shall no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any serious adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study or Investigator.

It is to be ensured that there shall no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.
