No. HFW- H DRPGMC/ Ethics /2024/64

Dated: 21.06.2024

The IEC of Dr. RPGMC reviewed the protocol (**No: IEC/53/2024**) entitled “Clinical characteristics of coronary slow flow in patients undergoing coronary angiography: A hospital-based cross-sectional and observational study” submitted by Dr. Sounak Sengupta, DrNB Resident, Cardiology, Dr. RPGMC, Kangra at Tanda, Himachal Pradesh.

Decision: The committee approves the research work to be conducted in its present form.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study, or Investigator.

It is to be ensured that there shall be no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.

Dated: 09.07.2024

The IEC of Dr. RPGMC reviewed the protocol (**No: IEC/67/2024**) entitled “Characterisation of newly diagnosed hypertensives presenting to a tertiary care facility using Hypertension Risk Prediction Model” submitted by, Dr. Anisha Thakur, Resident, Community Medicine, Dr. RPGMC, Kangra at Tanda, Himachal Pradesh.

Decision: The committee approves the research work to be conducted in its present form.

The IEC needs to be informed about;

- Patient information sheet and consent forms duly filled and signed
- Any adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study, or Investigator.

It is to be ensured that there shall be no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.

- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study, or Investigator.

It is to be ensured that there shall be no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.

- Any adverse event occurring during the study
- Final report of the study

The IEC has to be informed and permission taken before any changes in the protocol, patient information sheet, informed consent, Site of Study, or Investigator.

It is to be ensured that there shall be no financial burden on the research participants because of participation in the study and no direct cash incentives are given to the participants.

Please note that members of IEC have the right to monitor the study in any phase.
